Profile

Dedicated and detail-oriented **Assistant Professor** with **5.6 years of total professional experience**, including **2.1 years of teaching experience in Computer Science** and 3.5 years of industry experience in Software Development. Experienced in teaching **Java, C, C++, Data Structures, Operating Systems, and Web Technologies**, while fostering an interactive and outcome-based learning environment. Serving as the **NPTEL SPOC**, coordinating NPTEL course registrations, certifications, examinations, and student engagement initiatives. Proficient in **Java, Spring Boot, MySQL, RESTful APIs, and Full-Stack Development**, enabling the effective integration of industry best practices into academic instruction. Committed to mentoring students, developing industry-relevant curricula, supervising academic projects, and promoting research, innovation, and problem-solving skills to prepare students for successful careers in the IT industry.

Work Experience

G H Raison International Skill Tech University, Pune.

Assistant Professor | Jun-2025 to Present

Experienced and dedicated **Assistant Professor** in Computer Science and Engineering, currently serving at **G H Raison International Skill Tech University**. Proficient in teaching **C, C++, Java, Data Structures, Algorithms, Object-Oriented Programming, Operating Systems, Database Management Systems, and Web Technologies**. Skilled in curriculum development, student mentoring, and integrating industry best practices into academic teaching. Serving as a **Board of Studies (BoS) Member**, contributing to curriculum design and academic planning. Possess strong technical expertise in **Java, Spring Boot, MySQL, RESTful APIs, Full-Stack Development, Git/GitHub, and software development**. Committed to academic excellence, student success, and preparing graduates with industry-relevant knowledge and practical skills.

Responsibilities

- Delivered undergraduate lectures and conducted practical laboratory sessions in Computer Science courses.
- Instructed courses including **C, C++, Java, Data Structures, Operating Systems, DBMS, and Web Technologies**.
- Developed lesson plans, course materials, assignments, question papers, and evaluation criteria.
- Guided and mentored students in academic projects, technical skill development, and placement readiness.
- Coordinated **NPTEL** activities as the **SPOC**, managing course registrations, certifications, and examination processes.
- Contributed to curriculum development, academic planning, Faculty Development Programs (FDPs), workshops, and departmental initiatives

Creanovation Technologies Pvt. Ltd.

Assistant Professor | Jun-2024 to Jun-2025

Bahra University-Shimla

Enthusiastic and student-focused **Assistant Professor** with **1 year of teaching experience** in Computer Science and Engineering. Proficient in teaching both theoretical concepts and practical laboratory courses in **C, C++, Java, Data Structures, Algorithms, Object-Oriented Programming, and Web Technologies**. Demonstrated ability to create an engaging learning environment, simplify complex technical concepts, and encourage analytical thinking and problem-solving skills. Dedicated to academic excellence through innovative teaching practices, effective student mentoring, and the integration of real-world industry knowledge into classroom instruction.

Responsibilities

- Delivered lectures and conducted laboratory sessions for undergraduate students.
- Taught **C, C++, Java, Data Structures, Operating Systems, and Web Technologies**.
- Prepared lesson plans, assignments, question papers, and assessments.
- Mentored students in academic projects and technical skill development.
- Participated in curriculum development, faculty activities, and academic events.

Tech Mahindra Ltd, Feb-2022 to 01 Feb-2024

Java Full Stack Developer

Project: Payment Hub-Accelerating Deployment Through Smart Automation

Role: Software Engineer

Technologies: Java, Spring MVC, Spring Boot, MySQL, Microservices, HTML, CSS, JavaScript, Web Services

Description: Payment Hub is a sophisticated conversational assistant platform hosted on HSBC's internal cloud infrastructure. It enables various business units and operational functions to centralize, streamline, and enhance the management and distribution of essential processes, organizational policies, and procedural frameworks.

Responsibilities:

- Develop and maintain scalable Java applications.
- Focus on delivering applications with high performance and uptime.
- Participate in requirements gathering, design, implementation, and deployment.
- Create clean, efficient, and maintainable code with proper testing.
- Implement functionality based on project specifications and requirements.
- Develop and integrate business logic into applications for smooth operation.
- Design and implement classes and methods to meet application needs.
- Troubleshoot and debug Java-related issues to ensure smooth application performance..

Tech Skill

Technical Skills :

Core Java | Advanced Java | Multithreading | OOPs | Spring | Spring Boot | Spring MVC | Hibernate | MySql | C/C++ | Servlet JSP | RESTful API | HTML | CSS | JavaScript | Apache tomcat | Microservices.

Soft Skills :

Collaborative work | Leadership | Remote Work | Problem-Solving | Time Management | Communication | Leadership.

Tools Frameworks and Libraries

GIT | GITHUB | JIRA | Spring Suit Tool (STS) | Eclipse IDE | Swagger | Postman Maven | VS-Code.

Education

- **Master of Technology in Computer Science and Information Technology** Dr.Babasaheb Ambedkar Technological University 2020–2022.
- **Bachelor of Engineering in Computer Science and Engineering** Dr.Babasaheb Ambedkar Marathwada University 2016–2018.
- **Polytechnic Diploma in Computer Engineering** T.B.Girwalkar Polytechnic College 2013–2015.
